F. ERIS Fryer -  
Dear ERIC:

What more can George, Anna & I say?  
If it was not for your unique  
intelligence (one-of-a-kind) Swanson  
case would not have reached  
the Courtroom.

It is pleasing to note that both Steve  
Susman & JOHN O'Quinn recognize your  
genius and credit you for putting  
forward the case.

On a personal level - Anna, George & I  
(John) respect so much your  
integrity & decency as an individual  
and lawyer.

We know how much you identify with your  
clients and this victory is just as much  
yours as ours.

Please thank ETTA for her good cheer,  
legal 'smarts' & help throughout the trial.  
Give Reed a big hug from all of us.

Love

John, Anna & George
