Subject: TAP Parties' Reply in Opposition to
Motion for Summary Judgment
for Summary Judgment and in
Support of Cross Motion for Summary
judgment

First, let me state that when we were able to secure the legal representation of Susman Godfrey on our TAP case against CMS we felt most privileged.

When Susman Godfrey, particularly Michael Lee, recommended you to assist in our conflict with Julius Glickman, we had the utmost confidence that our trust in Michael in steering us to competent legal counsel was unquestionable.

The quality that you have exhibited in your legal representation for us has been unsurpassed. The above brief is one of the best we have read.

Even though Jim and myself are not lawyers, the thought and legal substance appears to address the very heart of the attorney-client relationship we are disputing.

Berry Bowen confirmed our appreciation by also stating it was the best brief he has ever read and should be a legendary brief for lawyers in carrying out their fiduciary responsibilities to clients.

Jim and I wish to commend you on this brief, as it is truly a wonderful work of legal artistry.

Win or lose, we know we have great representation.

Thank you, Eric, for all the thought provoking energy, research and clear-mindedness expended to produce this work of art.

Our great admiration is continued,

Jim and Kellie

Great !!
